

Note: Please Refer to the project branch for project related stuff.

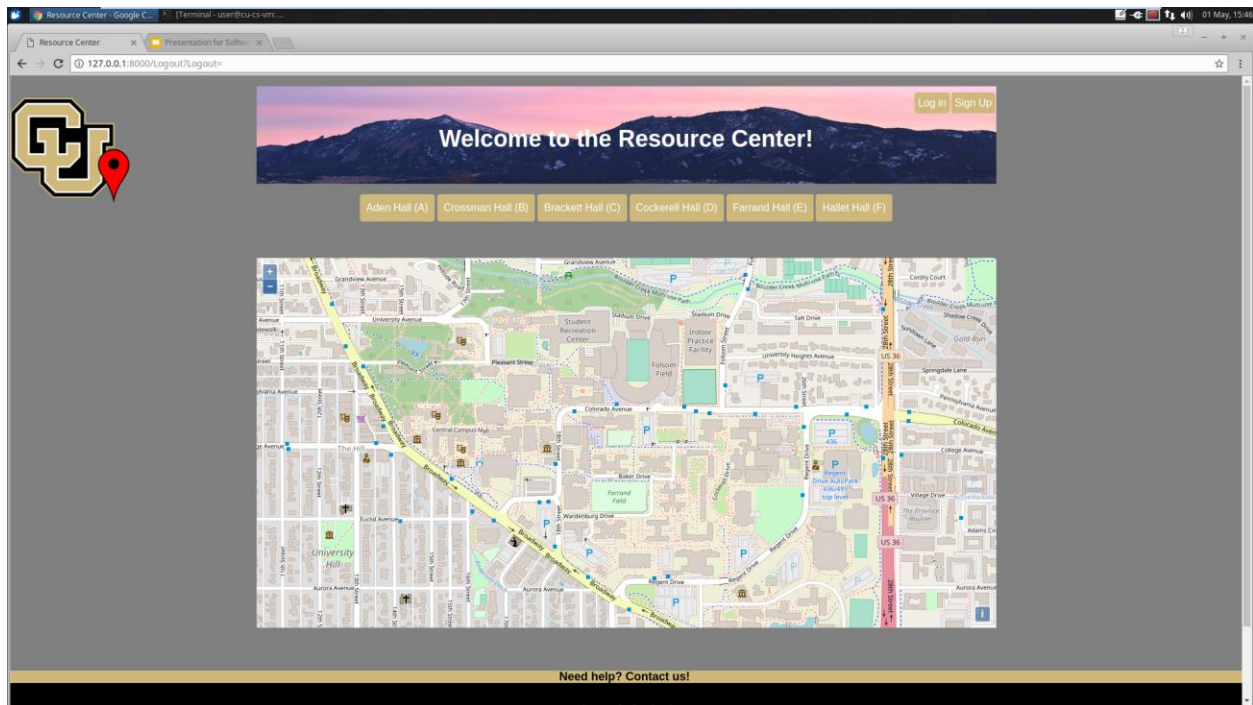

Title: CU Here and Now

Who: Jorge Moreno, Miguel Vazquez, Gabe Raymondi, Paris Dinh, Kyle Van Meter, Zhou Xie

Project Tracker: Trello

- <https://trello.com/b/xlwvHFMN/cu-here-and-now>

VCS: GitHub

- <https://github.com/CUHereAndNow>

GitHub Contribution as commits

NOTE: I (Jorge Moreno) committed a lot of things but for some reason it does not show that I did not commit anything. I did all the backend stuff as well as the database that stored user info and tags. I.e. I did everything that is in SQL Script folder (95%).
